

# The pathway of greater faith

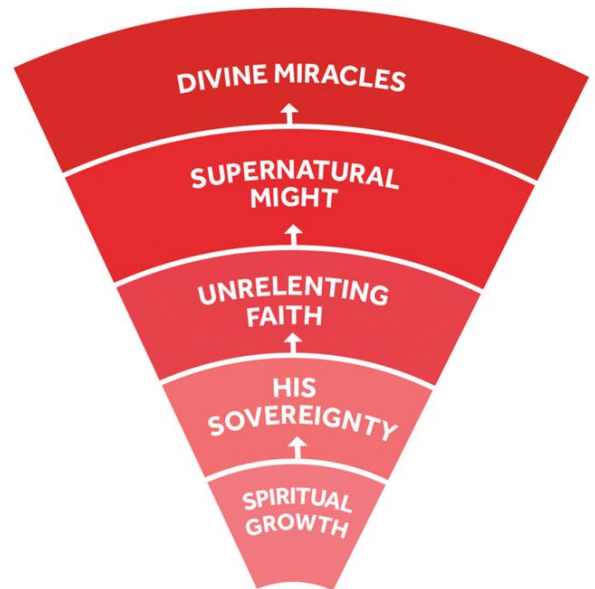

**THE  
PROMISE**

## Navigating the supernatural realm

When we learn how to submit to His **sovereignty**, we focus on what The Word says. As we do, our **faith** increases. This opens the door for God to release gifts of the Spirit through us. The seemingly impossible is superseded by God's **supernatural might** flowing through us. This enables divine **miracles** to take place.

For further information, see pages **67-74** and **189** of The Promise - and how to live it.

## Application

### NOTICE

Where does your faith feel weaker right now? Comb the word and ask the Holy Spirit to reveal scripture that speaks truth straight into your situation. Notice where you still feel doubt, worry or fear.

### INVITE

Ask the Holy Spirit to breathe fresh revelation and courage. Ask Him to expand your spiritual sight and show you the spiritual root of what may be at work. Ask for the spiritual discernment and gifting you need to war in prayer.

### RECEIVE

Consider your level of faith. Is it increasing? Welcome what you receive from Him. Ask for opportunities to practice exercising that faith and those spiritual gifts everyday.
