

# The pathway of motivation

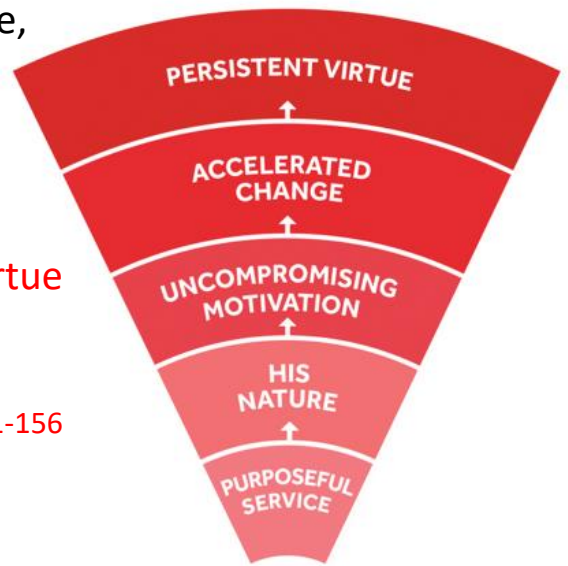

[www.thepromise.global](http://www.thepromise.global)

Being transformed through our purpose and service.

When we learn to **serve** with purpose, we adopt His **nature**. His heart in us brings the **motivation** we need to persevere, so God can transform us through it. These **changes** help us respond to life with the **persistent virtue** Jesus would.

For further information, see pages **51-58** and **141-156** of The Promise - and how to live it.

## Application

### NOTICE

Read Matthew 6:1-12 and Galatians 5:22-23. Meditate on the virtues of Jesus. Notice when you are experiencing opposition. Notice what the Holy Spirit may convict you about your response to this. Consider what part of Jesus's nature you need the Holy Spirit to activate within you.

### INVITE

Pray for the Holy Spirit to fan this virtue into flame within you. Ask Him to help you let go of the old you, so you can increasingly walk in the new.

### RECEIVE

Instead of focusing on what you are not, ask God to amplify the parts of His nature that will enable you to walk with greater fruit of the Spirit. Consciously open yourself to receive this activation within you. This may be something that gradually emerges.
